# Spring Green

A directory of volunteer groups  
and associations in the Spring  
Green area

Summer 2012

This is a directory of many of the volunteer groups and associations in the Spring Green area. It is provided for those who are new to Spring Green and want to know how to meet people and get involved. It's also for current residents and school groups to know what others are doing and find opportunities to collaborate and cooperate. Realtors might find it helpful, too.

This Directory was compiled during the winter of 2011-12 by a Community Resource Advisory Committee as part of a study by the Asset-Based Community Development Institute at Northwestern University, Evanston, IL.

Officers of groups frequently change. The date in the lower right-hand corner is the date of the information. We realize that it is an impossible job to keep it current. However, this Directory can be a start for the user to locate the current officers.
