Join us when you can. Tell your knitting/ crocheting friends to join us.

Attracting Hummingbirds

Wednesday, June 4 at 6:30p

Invite these beautiful pollinators to your landscape by growing a few of their favorite flowers. Add one or more feeders and don't forget the water. Gardening expert and author Melinda Myers will cover a variety of hummingbird-favorite shrubs and flowers to include in your gardens and containers. Plus, we'll discuss tips for filling, cleaning, and placing feeders in the landscape to support and keep them safe.
