Director's Notes

By Carrie Portz Library Director

We are gearing up for an exciting summer at the Library! Although most of the hype surrounds kids programming, we'll offer plenty of fun for adults too.

In early June, we'll host a two-part discussion series called "**Helping America Talk**". Registration is required for this

event held on **June 6 and 13 from 6 - 8 pm**. The discussion, led by Jennifer Moore-Kerr of the Interactivity Foundation, will focus on how we can promote and enhance discussions to explore and create better public policy. There is no political agenda; but there *will* be pizza! If you have questions about the discussion, please contact Jennifer at jenniferm-rkrr2@gmail.com or 608-574-4569. Space is limited, so please register by visiting www.springgreenlibrary.org or call the library at 608-588-2276.

Join us for a **Bullet Journal**® workshop Saturday, June 10 at 10 am. The Bullet Journal® is a calendar, to-do list, sketchbook, and diary that keeps all the stuff you're tracking in one place. And it can be pretty! Find out how you can get started with

Dana Ryals, Madison College librarian, recycled crafter, and Bullet Journal® guru. Bring an empty journal or make your own that day by bringing tag board or cardboard, salvage paper, and 3/4" binder rings. Visit www.bulletjournal.com for more information.

Keep an eye out for details on a Crypto-Party in late July and a viewing event for the Great American Eclipse on August 21. We'll end the summer season August 24 with a unique talk by Alan Anderson titled, "The Unknown Craftsman: Creating, and Re-Creating, Furniture Designed by Frank Lloyd Wright". This event, a collaboration with the Wisconsin Humanities Council and Taliesin Preservation, will be held at the Taliesin Hillside Theater.

Spring Green Community Wide Garage Sale

By the way, if you've been thinking about getting rid of some stuff, consider joining the Spring Green Community Wide Garage Sale on July 14 & 15. Your official registration will not only get you on the map, but will also help support the Friends of the Library. It's a win-win!

Finally, you will find the library open at 9 am during the Farmer's Market season. So you can pick up some vegetables with your books!

June Art Show

During the month of June we'll feature the art of Stuart Doering in an installation titled "TransMedial". Be sure to stop by the Community Room and check out his work when you visit the library!

Stuart Doering was born in the Fall of 1994 and raised in Wausau, Wisconsin. After finishing Middle School, he moved to Spring Green in 2009 and graduated from River Valley. Although he would say he is primarily a musician his mother has always greatly influenced his "eye" for visual art. In High School he explored various mediums, such as: collage, pastel, and acrylics. At the University of Minnesota – Twin Cities Stuart took a drawing and painting course. He found the painting course more rewarding because of the multitudinous colors one can produce. He took a film/digital photography course as well. He has also directed a couple of short films and would testify that film is one of his greatest loved art forms.

Stuart is currently taking a break from school, consequently due to his ambivalence regarding a major. He is working at Freddy Valentine's in Spring Green as a cook, and found a quite different (but tasty) form of expression. Stuart has his artwork for sale at the Red Door Gallery in Richland Center, WI.
